.

WANTED-By a competent man, a situation as Book-keeper or Salsaman-a Cotton and Grocery house preferred. The applicant has been engaged in business in Memphis for breive years. The best of city and country references given. Address T., care J. M. Kesling.

STOLEN.

HORSE STOLEN.—On last Tuesday night, about 11 o'clock, from my lot, my riding HORSE. I followed him as far as Holly Springs and LaGranga. The third offered him for male in both the livery stables at Holly Springs. I am inclined to think he will make for the Mobile and Ohio Raliroad. Said house is a large bay, 17% bands high, very broad across the hips, a little larger on the left hip than the right, left hind door white, broad flat foreheat, saids and trots well, and a Novi loper, very short dody for a horse of his size, on the left hip; saddle and harness marks around his girth, a scar on one of his ankies. I don't recollect which; mane a little worn by collar. I will give Fifty Dollars for the recovery of the horse or any information of that I will get him again, or One linusted Dollars for the thief and horse.

F. J. BOYDT.

Sardis, Miss., October 1, 1868.

THE SIAMESE TWINS.

Can their Separation be Safely Endertaken !

BY DR. PAUL F. EVE.

From the Louisville Medical Journal. Our newspaper editors are again spec-ulating and writing romantic articles on great demand for American gold coupons can be noticed twice a year, a menth or six weeks previous to May or November. Numerous advertisements are found daily in all the papers, and show that something is made by the excharge operation, the dollar in coupons being valued at about one thaler eleven and a quarter groschen, while the coined dollar is equoled at one thaler twelve and a quarter groschen.

A possible all his genius at the bar, in the brough to undertake their separation. The whole movement is but another evidence of the lamentable ignorance of the public in medical matters, and of the printing office and the printing office and the printing office of his periodical, La Iberia, and, being opened by the excharge operation, the dollar in coupons being valued at about one thaler eleven and a quarter groschen, while the coined dollar is establish in the country those who had broken the printing office of his periodical, and, being opened by the excharge operation. The whole movement is but another evidence of the lamentable ignorance of the printing office and the printing office of his periodical, and, being opened by the excharge operation.

The whole movement is but another evidence of the lamentable ignorance of the printing office and the printing office of his periodical, and being opened by the excharge operation.

The whole movement is but another evidence of the lamentable ignorance of the printing office and the printing office of his periodical, and being opened by the excharge operation.

The whole movement is but another evidence of the lamentable ignorance of the printing office and the printing office of his periodical, and being opened by the excharge of the lamentable ignorance of the printing office and th feasibility of the separation of these two individuals, that they are two beings, having distinct segregrated and perfect organizations, one from the other, as any other two individuals; that there is at the result of their labors for the pres-His appointment to the Government no physical, moral or mental unity be- ant year. Ashes for Whoat.

A correspondent of the Rural Gentlemas, in Delaware, writes strongly in favor of ashes to prevent rust in wheat, more ardent of his parties as remembered that episode of his life, and were inspired with a feeling of imaginary wrong.

Spired with a feeling of imaginary wrong, spired with a feeling of imaginary wrong, stance of which was that they both design of the says they have, like Shakspeare's stance of which was that they both design of the says they have, if three-fold operation: 1. The ashes operate as a measure upo the wheat, even in the limited quantity of eight bushels per acre. 2. They push the wheat forward sev-

They strengthen the stem, giving it substance and solidity.

In view of the extortionate rates at which butter is held in this market, anything which will crush the speculators in this commodity deserves encourage

ment. For this reason we append the following, cut from the Richmond (Va.) Mr. R. H. Baptist, is now exhibiting at the auction house of Mr. W. K. Smith a expressed, whilst he had charge of that eighteen or twenty bushels of wheat to try in Tennessee.

In the year 1867, in which 471,102 persons died in England and Wales, the others women, 137,407 probates of wills of grants of letters of administration when minors and about half the others women, 137,407 probates of wills in England and Welsh provincial registres. The persons amounted to \$461,517,850.

—The following is a list of cadets from the acre. Hops would be a good thing to try in Tennessee.

—In the year 1867, in which 471,102 and the secret was a good account of himself, and it was five or six years ago that he received a dangerous wound at the hands of a General tributed to make him Vice President of the Government.

E.T. Helmbeld, Est, 581 Broadway:

Your letter of 14th inst. received, containing check for \$40,000. This amount that article commands from 50 to 60 cents and that article commands from 50 to 60 cents in the start of the try in Tennessee.

In the year 1867, in which 471,102 persons died in England and Wales, (and it was five or six years ago that he received a dangerous wound at the hands of a General tributed to make him Vice President of the Government.

DON LAUSEANO FIGUEROLA, SEGERTAR Y OF THE TREASURY.

This distinguished inrisconsmit will invention which must become popular with all lovers of butter, especially with that article commands from 50 to 60 cents in the that article commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands in the tarticle commands from 50 to 60 cents in the tarticle commands in popular in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands from 50 to 60 cents in the tarticle commands in popula invention which must become popular dustry and the business of the whole is performed every morning at nine country, or from whose intelligent administration we can have one Union, commence at Mr. Smith's auction rooms, in the presence of crowds, and doubters are invited to go and see the butter made, and see it weighed, and then to taste it before they pronounce the thing impos-sible. The butter can be made in any

chuzn, crock or jar. In an article published in the report of the agricultural department, a Mr. Woilinger says the cheapest, most easily at-tainable and best of all manures for a corn crop is a dense mass of red clover, either in its green or ripened and dried state, plowed down three or four inches only, just deep enough to prevent wastage, and yet near enough to the surface of the ground to be acted on by the sun's heat and the air. In its decay, slover thus affords certain, active and constant nourishment to the young and expanding roots of the corn. and wheat grown over a clover lay are very generally free from disease and inets, and better in yield and quality

than crops grown on of with animal ma-nures. But to secure this we must manure the clover while yet young with liberal supplies of plaster, lime, or fine, well-rooted manure, spread broadcast over the growing plants.

constantly gaining. Pigs should have cooked food and pienty of it. Push for-ward their fattening as rapidly as possi-ble, for at no season will they gain faster. Keep them clean, and give them warm sheltered nests. Poultry also gains very rapidly, and it is best to fatten them on scalded meal, with corn, wheat screenings, and other food in addition, at daylight in the morning and late in the afternoon.
